LIMITED REVIEW REPORT

Chartered Accountants

To

Board of Directors of Sudal Industries Limited

- We have reviewed the accompanying statement of unaudited financial results of Sudal Industries Limited ("the Company") for the quarter ended 30th June, 2019. The statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on this financial Statement based on our review.
- 2. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
- 3. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable Indian Accounting Standards (Ind AS) and other recognized accounting practices and policies, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with Circulars issued from time to time including the manner in which it is to be disclosed, or that it contains any material misstatement.
- 4. Material Uncertainty Related to Going Concern:

The Company has been continuously incurring losses over last several years and its net worth stands fully eroded. The Company's bank has also issued notice under section 13(2) of SARFAESI ACT for recovery of its dues.

As explained by the management, due to a recessionary trend and slackness in demand particularly in the Auto, construction & Infra industries, the Company was not able to utilize the capacity optimally and along with price volatility, it was incurring losses in the past few years. To boost the industry, several revival steps are being taken by the Government and hence the Company expects a spur in the economy and demand which will enable it to increase its capacity utilization and thereby cut losses.

Further, the Company has offered to the banker for One Time Settlement of the dues and is pending acceptance. Accordingly, management believes that it is appropriate to prepare the financial results on a going concern basis. Therefore, the financial results do not include any adjustments relating to the recoverability and classification of recorded assets and to the amounts of liabilities that might be necessary should the Company be unable to continue its operations as a going concern
