LIMITED REVIEW REPORT

To the Board of Directors of
Sudal Industries Limited

1. We have reviewed the accompanying statement of unaudited financial results of **Sudal Industries Limited** ("the Company") for the quarter and half year ended 30th September, 2021. The statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on this financial result based on our review.
2. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

3. Material Uncertainty related to Going Concern

The Company has been continuously incurring losses over last several years and its net worth stands fully eroded. Due to a slackness in demand by user industries, lack of working capital funding and volatility of aluminium price the Company was/is not able to utilize its production capacity optimally. The management feels that the demand would revive considering various incentive packages announced by the Government. The management also expects to convince the lenders, who have approached the NCLT for recovery of their dues, for a pre-accepted resolution plan. Accordingly, the management expects to arrive at a settlement with lenders in due course of time and believes that it is appropriate to prepare the financial statements on a going concern basis.

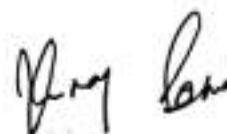

4. Emphasis of Matter

- (i) The Company's recoverable includes amounts receivable from the Government in the form of refund of electricity duty from Maharashtra State Electricity Distribution Company Limited ("MSEDCL") of Rs. 190 Lakhs and Octroi Duty (grant) receivables of Rs. 58.16 Lakhs which has been delayed. The Management expects refund of these amounts on improvement in the current pandemic situation.
- (ii) We draw your attention to the Note 5 of the financial results with regard to management's assessment of realizability of assets due to COVID 19 pandemic outbreak. The management apart from considering the internal and external information up to the date of approval of these financial results, expects to recover the carrying amount of the assets. Considering the continuing uncertainties, the management will continue to closely monitor any material changes to future economic conditions and does not anticipate any material financial or operational issues in the short term as well as on a long-term basis.

Our opinion is not modified in respect of matters stated in Para 3 and 4 above.

5. Based on our review, conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.
